| | SQM | SQM | SQM | SQM | | | TOTAL | NOTES |
|--|------|------|------|------|------|------|-----------|---|
| Amenity Open Space (outline purple) | 2281 | 657 | | | | | 2938sqm | Question if space along access is part of the connected recreational public route, more realistic to be semi=natural habitat. |
| Play (outlined red) | 230 | 712 | | | | | 942sqm | Play area cannot realistically abut an apartment block and any apartments without balconies would be expected to have private amenity space to serve it as per policy LPRQD7. |
| Natural/Semi (outlined turquoise) | 1636 | 9266 | 1600 | 1044 | 1198 | 1223 | 15967 sqm | Exclude the site frontage as not part of the connected public recreational route, exclude narrow sections between driveways and at side and rears of private gardens. The attenuation pond is only acceptable as meeting definition of Public Open Space if a year round wet pond with public access. Any ecological habitat eg for badgers/turtle doves that is not publicly accessible would be excluded from meeting definition of Public Open Space. |
| Community Orchard (outlined in orange) | 1094 | 1410 | | | | | 2504 sqm | |
